Subject: Deficient Notice of Intention to Commence Small Mining Operations, Davies, Wingle & Davies, Inc., Dugway Pass Mine; S/023/0091; Juab County, Utah

Dear Mr. Davies:

The Division of Oil, Gas and Mining has reviewed the referenced amended Notice of Intention to Commence Small Mining Operations (NOI), and the following items will need to be addressed before the NOI can be determined complete:

1. Please modify the NOI so the information is consistent with the revised maps. The information in Section III part 6 of the approved NOI is not consistent with the information on the revised map. For example the length of the road is 2,500 feet (0.473 miles) and the width is 10 feet which equals 0.574 acres. The map states the road is 0.4 miles and 0.48 acres.
2. In Section III part 8 and on the revised map, please state the total number of acres in the disturbed area.
3. Please state which maps should be removed/replaced. Attached are two maps in the NOI that appear to be outdated. The text on the page should be updated.

Please provide your response as replacement pages to the original NOI, using Form MR-REV-SMO/EXP, and MR-SMO available on the Division's web site at www.ogm.utah.gov

If you have any questions regarding this letter, please contact Wayne Western at 801-538-5263. In reply, please refer to file number S/023/0091. Thank you for your cooperation.

Sincerely,

Paul B. Baker
Minerals Program Manager
